

Livingston Academy Covid Screening and Admittance Policy

Please check your child at home before bringing them to the center. If they do not feel well, please refrain from dropping off. If a parent does not feel well, please have an alternate person drop off/pick up.

Upon arrival at the center, the parent will ring the bell and wait in the reception room. A staff member will come to assist you. Parents are not allowed to enter unless being invited to.

A staff member will screen your child's temperature and ask if your child has any Covid symptoms. If your child has an initial fever 100.4 or above, you will be asked to wait outside for 5 minutes and the temperature will be retaken.

If a child has 2 or more Covid symptoms, or a fever 100.4 or above, they will be excluded from entering the facility and adhere to the Local Health Department and Department of Health guidelines.

All staff will be required to do the same as above.

Your child will then be taken by our employee to wash their hands, as usual, and enter the classroom.

Parents must continue to wear masks at drop off and pick up. Employees will continue to be masked throughout the day, with the exception of break and lunch while eating and drinking or temperatures above 80 degrees while outdoors.

Tours will begin again. The visitors will need to be masked and screened. They will not be allowed to enter the classrooms.

If you travel out of NJ, it is highly suggested, (but not mandatory) parents adhere to the CDC Guidelines (since children are not vaccinated) which includes testing your child or quarantining for 7 days.

We reserve the right to make changes to this policy as per any additional DCF guidelines, NJDOH guidelines or Local Health Department Guidelines. Please sign the bottom portion and return (only the bottom portion) this week. If you are just enrolling your child, please return on your child's start date or before. Thank you.
